

ADVANCED LESSON PROGRAM (PRIVATE LESSONS)

The Music Studio currently offers private one-on-one instruction (30 minutes weekly) to Advanced Students - those who have completed their lesson books, and who are interested in pursuing music beyond high school, or are preparing for auditions, or wish to perform in competitive events.

The focus of the Advanced Lesson will be to expand repertoire, technique, music theory, performance skills, and explore the four musical time periods: Baroque, Classical, Romantic, and Modern.

Eligibility requirements for the Advanced Lesson Program:

1. Student has successfully completed the lesson/method book series
2. Student shows interest in collegiate music study, is preparing for auditions, wishes to perform in competitive events
3. Student is interested in a deeper study of music, to include music theory, ear training, and composition
4. Student is **REQUIRED** to continue with weekly Accelerated Lessons (the Advanced Lesson must be scheduled additionally and separately)
5. Student is able to meet strict practice time requirements, and agrees to prepare for all lessons in advance

We require all students in the Advanced Lesson Program to continue with their weekly Accelerated Group Lesson (60 minutes Accelerated Group + 30 minutes Advanced Private Lesson). This is to ensure their sightreading skills are adequately maintained. However, lesson material studied in the Advanced Program must remain separate from the Accelerated Program.
