

Music Books can be purchased in our studio (we keep a small supply of lesson books on hand in case students move up to the next level book within their session).

If your child is given a new book at their lesson, we'll put the charge directly on your account, and you'll see the cost noted on your next monthly e-statement. We also send a brief email to let you know that a book has been sent home.

You are also welcome to purchase your own lesson books through Amazon.

*Our policy on Music Books and Supplies:*

*Music books, sheet music, and supplies are not included in tuition, and must be paid for separately. Students must bring all music and their notebook (if required by teacher) to every lesson.*
