

Will my child have a lot of homework (practice)?

No! We've taken the work out of practice, and put the confidence back in! We guide your child to learn and master songs DURING the lesson, so there's nothing "new" or difficult to practice on their own at home -- they will simply be reviewing and maintaining what they've already mastered. Furthermore, we encourage students to work independently at their own comfortable pace, so they are relaxed and absorb new music concepts easily.

Students will need an instrument at home on which to practice. To ensure consistent progress and effective lessons, students are expected to review/play at home daily. Homework or "practice" should consist of all songs and exercises already completed at the previous lesson.
